#### TEST YOUR CAMELLIA KNOWLEDGE— Try Your Luck

Would you like to have a nice Camellia plant for just trying to identify a camellia plant by name and writing your name.

Each Thursday we will have a plant dug and ready for your inspection. The first person to identify it correctly according to the latest nomenclature published will be notified that they have won the plant. There will be no substitution. The plant on display will be the plant awarded. It will be blooming size but will have no open blossoms.

All you have to do is register your name and the variety that you think the plant is. Names will be registered in rotation and the first person to give the correct name will be the winner. **You must register in person.**

There is nothing to buy. No strings attached. If you get the name right first you win. All you have to do is come and get it and we guarantee that it will be worth coming after. If you don't want a plant of your own just come look at ours.

The first plant will be ready for inspection the first Thursday in November.

## CAMELLIA FLORENCE HOLLIS

We are offering again this season plants of this new camellia. American Camellia Society Registration No. 33. You may be sure that our stock is genuine, since we have had exclusive use of the parent plant, with the consent of the owner, Mrs. J. L. Hand, since it first bloomed.

This Camellia was introduced by us in 1951 but due to two unseasonable freezes and other circumstances beyond our control it did not receive the acclaim to which it is entitled.

We now have this beautiful Camellia in blooming size plants and invite you to come to our nursery and see it in bloom. It is our honest opinion that this is one of the best new white camellias on the market. m
